This map booklet to the Tour du Mont Blanc contains detailed mapping for walking this classic circuit in either direction. A well-signed but demanding 105 mile (170km) hut-to-hut trek, the Tour du Mont Blanc is a spectacular introduction to high-level mountain trekking for walkers with good levels of fitness.

- The full route is shown on 1:25,000 IGN maps
- Map booklet can be used to walk the path in either direction
- Route summary tables, trek planning resources and accommodation listings help you to plan your TMB
- Includes variant routes over optional passes or via lower level terrain in case of bad weather
- TMB circuit passes Courmayeur, Les Contamines, Les Houches and Champex, and near to Chamonix
- Conveniently sized for slipping into a jacket pocket or top of a rucksack
- An accompanying Cicerone guidebook - Trekking the Tour du Mont Blanc - is available separately

About the author

A collaborative effort between Kev Reynolds and Jonathan and Lesley Williams who – following Kev's death in December 2021 – updated and refreshed the route details, planning resources and maps based on research trips in 2022 and 2023. Jonathan and Lesley are retiring from being Cicerone's publisher and marketing director (respectively), so have few excuses for not spending days in the hills.
